These tumble dryer are especially designed for the concerns of fire fighters.

For impregnated protective clothing a subsequent treatment is absolutely necessary in the dryer.

Owing to a direct drive system these dryers work extremely noiselessly and almost vibration-free.

The tumble dryers are characterised by low operating cost and outstanding drying results.

Advantages

- Drum made of stainless steel
- Easy operation by preselection of temperature and time
- Small energy consumption for optimal efficiency
- Large doorway for easy handling
- High efficiency, two loadings per hour
- Microprocessor controlled
- More slightly entrance to important parts of the front and back for easy maintenance

Options

- Stainless steel front
- Insert for mask dehydration
- Remaining moisture control RMC (not in combination with mask dehydration)
