TRANSCON FR™ STATION WEAR

FABRIC	Nomex® IIIA 93% Nomex® / 5% Kevlar® / 2% P-140 carbon
WEIGHT	4.5 oz./sq.yd. 7.75 oz./linear yd.
CARE	Machine washable

This permanent fire resistant, anti-static material offers self-extinguishing characteristics for use in situations where flammability and radiant heat are concerns. Though woven for strength and protection, the fabric is excellent for jobs requiring quick and sudden movement.

TRANSCON FR™ STATION SHIRT

- 5 stitched-in military creases aligned through body, pockets, and flaps
- Long sleeve style features a lined, banded dress collar with stays
- Short sleeve style features lined convertible collar with stays
- Extra comfort through chest and shoulder areas
- Double-needle lapped-seam construction on all major seams
- 2 chest pockets with non-functional melamine button and dual hook-and-loop closures for no-curl look
- 1 hidden slot for pen/penlight inside left pocket
- Lined front placket features non-functional, melamine buttons with concealed snap closure for easy removal
- Reinforced badge holder with support strap
- Optional epaulettes available
