

Keeping firefighters safe, effective & productive

Firecom 50 Series Wired UH-51S UNDER-HELMET HEADSET

CONFIGURATION		
	Transmit	Receive
Intercom	Yes	Yes
Radio	PTT	Yes

The Firecom UH-51S wired headset delivers all the benefits of hands-free, full-duplex communication with your crew. Operating with a stand-alone intercom system or integrated with a mobile radio, the flexible design brings all crew members into constant communication. Behind-the-head band configuration with adjustable over-head strap easily accommodates use with helmets. Water-resistant and comfortable ear seal, extended operating temperature, and robust design make this headset ready for action in virtually any fireground environment. The single slotted dome does not provide hearing protection.

Extended-range operating temperature
Rated from -40°F to +158°F, this headset works wherever you do

One slotted dome without speaker
Allows ambient noise for situational awareness – no hearing protection

PTT radio, Full-duplex intercom
Red push-to-talk over radio button; full-duplex intercom and listen-only radio when button not engaged

Two-year warranty, extendable to 5-year comprehensive service
Extend your two-year standard warranty to five years with the ComCare™ Service Program

Glove-rugged plug
Ergonomic connector is easy to grasp with a gloved hand and swivels to distribute strain at the jack connection

Memory foam ComLeather ear seals
Fit comfortably for hours

Three-way adjustable boom
Precise microphone placement, comfort, and performance
