

Rig Dog™ Mud Grip

High impact gloves with enhanced mud grip and ANSI A6 cut protection.

We know your #1 priority is keeping your workers out of harm's way. Rig Dog™ Mud Grip gloves provide the ultimate protection and enhanced grip your team needs to efficiently manage handling parts with oily sludge.

But, Rig Dog™ doesn't just offer safety. These gloves are durable and can absorb the sweat quickly and make your hand feel dry, so they are comfortable to wear during long shifts in tough environments. All of which helps to reduce costs and avoid downtime.

FEATURES & BENEFITS

- CoreNest™ technology: reinforced TPR (thermoplastic rubber) composite material with honeycomb structure to enhance the energy absorption feature on back of hand for providing improved impact protection on knuckles
- Elevated finger-tip protection for providing enhanced impact protection on finger tips from hammering
- Enhanced grip (PU tread palm) on palm for managing greasy and muddy situations
- Cut and sewn construction with multilayer fabrics to provide ANSI A6 (ISO level F) cut resistance, excellent oil grip, dry/wet grip, and level 4 abrasion resistance
- Quick dry, moisture wicking fabric to provide sweat management for all day comfort
- Reinforced thumb-crotch protection and durability
- Impact protection level 2 according to ANSI/ISEA 138, is notched to allow for great flexibility and dexterity

Cut-Resistant Palm

Impact Protection Back

Mud Grip palm

Hook-and-loop closure

COMPOSITION

RIG DOG™ MUD GRIP	
Back	Polyester and Spandex, with foam inside
TPR	Thermal Plastic Rubber (Polyester spacer fabric inside)
Palm-inner layer	Polyester
Palm-middle layer	Aramid, Polyester, Glass fiber and Steel fiber
Palm-outer layer	PU, Nylon and KPU
Fourchette (finger side panels)	Polyester and Polyurethane
Thumb crotch	Polyurethane, Nylon
Cuff	Black Neoprene and Nylon
Cuff binding	Nylon and Spandex
Hook-and-loop closure	Polyester
