

FIND YOUR COMFORT ZONE

The perfect combination of comfort,
retention, and balance

Honeywell North Zone™ Hard Hats

Honeywell

GET IN YOUR COMFORT ZONE

It's your job to keep your workers safe and productive. The first way to do that is to ensure that they wear their hard hats and other safety gear all day long.

The problem: users will not wear hats that are uncomfortable or fit poorly, resulting in constant removal and readjustment.

That's why Honeywell has come up with North Zone™ Hard Hats, full brim and cap style, so comfortable, stable, and lightweight your workers won't want to take them off.

FROM HONEYWELL – A TRUSTED MANUFACTURER OF PPE

When creating the Honeywell North Zone™ Hard Hat, we drew on our deep market and engineering knowledge and expertise, as well as our many years of experience as a leading manufacturer of personal protective equipment (PPE), with some of the most respected safety brands in the world.

Our head-to-toe safety solutions include everything from protective clothing; to fall and hearing protection products; to solutions that protect the hands, head, feet, eyes, and face; to respiratory, welding, first-aid, lockout/tagout, and traffic safety equipment. We are committed to helping companies build an enduring culture of safety.

COMFORT AND FIT FOR THE WAY YOU WORK

With its personalized fit and individualized comfort, the North Zone Hard Hat is an ideal general-purpose hard hat for the following industries:

- Construction
- Manufacturing
- Mining
- Oil and gas
- Ship building
- Traffic safety
- Utilities

The North Zone Hard Hat can help you mitigate some of the hazards common in these environments.

Meets the following industry standards

- ANSI/ISEA Z89.1 2014
Type I, Class C, G, and E
- CSA Z94.1 2015
Type I, Class C, G, and E

THE COMFORT ZONE

IT'S ALL ABOUT THE FIT

North Zone™ Hard Hats have a sleek, modern shell combined with a patented suspension design featuring multiple adjustment points for size, height, and snugness; easily removable and replaceable.

3-level height adjustment (Low, Medium, High) for greater stability, balance, and retention

Removable, replaceable rear comfort cradle for improved fit and comfort

Easy-grip ratchet for smooth and precise headband adjustment, even when wearing gloves

Contemporary shell design with 4 large areas for custom logo imprinting or other personalization options

Slots for cap-mounted earmuffs, face shields, and other PPE accessories

Ergonomic headband for easy adjustment to 3 different sizes (S, M/L, and XL)

Moisture-wicking, breathable sweatband; easily removable, washable, and replaceable

Approved to be worn in the reverse position

Short brim and low-profile design for increased field of vision and user mobility

Available in 10 vibrant colors and 2 suspension designs - Quick-fit (Pin Lock) and Ratchet

Plus 6 additional colors

CUSTOMIZE YOUR STYLE

North Zone™ Hard Hats have a contemporary shell design with four large areas for custom logo or personalization options. Our advanced multi-color printing technology produces impressive, highly visible images, which can showcase your corporate logo, enhance safety, and identify trades on the job.

COMFORT IS KEY

If the hard hat isn't comfortable or well-balanced, or if it moves or slips out of place, it will not be continually worn – leading to greatly increased safety risks and reduced worker productivity.

But, comfort is also subjective. That's why we designed the North Zone Hard Hat suspension with multiple adjustment points – so users can customize the fit to suit their own preferences. It's also why we added a removable comfort cradle near the rear ratchet.

COMBINATION PROTECTION

Honeywell has expanded the Noise-Blocking Earmuff product line to include Howard Leight™ Cap-Mounted earmuffs to work with Honeywell North® hard hats and face shields. This expansion will greatly benefit users as the earmuffs have been engineered to seamlessly integrate with the hard hats and face shields to provide an effective unit for worker head and hearing protection.

ORDERING INFORMATION

QUICK-FIT STYLE (CAP AND FULL BRIM STYLE SUSPENSION ASSEMBLY)		
Color	Cap Style Part Number	Full Brim Style Part Number
WHITE	N10010000	N20010000
