

GENERAL PURPOSE GLOVES

NorthFlex Light Task Plus II™

NorthFlex Light Task Plus II™

Overview

Feedback

The NorthFlex Light Task Plus II™ is a series of 13g gloves with a bi-polymer coating; this bi-polymer coating blends the best properties of nitrile and PU (polyurethane) to provide a surface that is mechanically tough, grippy and flexible. The NorthFlex Light Task Plus II™ core is made with Dyneema® which offers good protection from cuts.

Features & Benefits:

- Bi-polymer coating is comfortable and lightweight for high tactile sensitivity and provides good abrasion and puncture resistance
- Black and gray colors hide grime making this glove a great choice for dirty applications

Specifications
