

POWERED AIR PURIFYING RESPIRATORS (PAPR)

Honeywell North® Primair® 700 Series Powered Air Purifying Respirator

Honeywell North® Primair® 700 Series Powered Air Purifying
Respirator

Overview

Feedback

The Honeywell North Primair 700 (PA700) Powered Air Purifying Respirator (PAPR) is engineered to be ergonomic: efficient and effortless to get workers on the job faster and keep them comfortable and productive. Offering convenience: comfort: and confidence: the PA700 is a belt mounted: powered air purifying respirator platform from Honeywell Industrial Safety.

Features & Benefits:

- All-in-one: integrated unit – battery and blower motor contained in compact casing: delivers better safety.
- Side-mounted battery – contained in housing on five (5) sides and locks into place to reduce accidental disconnections.
- Ergonomic belt – distributes weight evenly and prevents slipping: adjustable nylon straps for additional support: optional comfort pad.
- Smart breathing tube connection – twist and lock connector angles tube away from back.
- Efficient keypad – illuminated: easy-to-read display: large buttons for easy operation – even for workers wearing gloves: offers access to adjustable airflow with three speeds: buttons are spaced apart to prevent accidental shut down of the unit when changing airflow speed.
- Filter connection – P100 filter locks into place with a quarter turn: assuring workers they are secure.
- Optional filter cover – smooth design is easy to wipe clean: protects filter from impact and during decontamination showers.
- Battery Run Time: 8 Hours (Average)* *Typical expectations based on laboratory testing. Actual battery run time and battery service life is dependent on many factors including working environment, charging conditions, filter cartridge type and headpiece type.
