INSPIRING SAFETY™

www.uvex.us

About Uvex®

We realize that keeping people safe begins with a commitment to exceeding safety standards and embracing change to create a culture of safety.

Delivering safety glasses and products that can be worn with confidence is one of the ways we are working to build a culture of safety in the workplace. From best-in-class lens coatings that perform under the harshest conditions to task-specific lens tints that optimize visual acuity, to ballistic impact resistance to a lifetime frame guarantee that backs up our promise, we're about inspiring safety in the minds of workers everywhere.

Uvex® brand safety eyewear is offered for sale by Honeywell Safety Products exclusively in the Americas.

INSPIRING SAFETY™

When you choose to adopt safe practices on your own, an interesting thing happens; they begin to spread throughout the culture of your organization. Keeping people safe means understanding each other on a human level, to drive the kind of cultural changes that make you want to be safe. We can provide you with the industry-leading products that will inspire your own culture of safety.

For more information, visit our Culture of Safety resource center at www.uvex.us/inspiringsafety

Uvex® Technologies

Since our earliest days, we have focused our research and development efforts on creating innovations in safety eyewear that directly benefit the workers who wear them. By constantly searching for ways to improve the protective capabilities, comfort, fit, durability, and look of our products, Uvex has become the acknowledged leader in safety eyewear innovation. We have secured dozens of industry patents for the many technological firsts that we have introduced to the marketplace, as well as something far more important: the accolades and gratitude of millions of workers who rely on our safety eyewear all day, every day.

Designed for Comfort

Uvex[®] Lens Coatings

Whether the problem is lenses that fog or lenses that scratch, Uvex lens coatings offer a solution for almost any working environment.

Uvextreme[®] anti-fog coating offers superior performance under the most extreme conditions and will not wear off after repeated cleanings.

Uvextreme[®] Plus offers the same anti-fog performance as Uvextreme, but with extended wear. It is permanently bonded to the lens, which helps it retain its anti-fog, anti-static and UV protection properties.

Ultra-dura[®] anti-scratch hard coat is one of the toughest anti-scratch coatings in the world: permanently bonded to the lens, it offers unparalleled scratch and chemical resistance.

Supra-Dura[®] advanced anti-scratch coating is perfect for high-particulate environments where lens scratching is a severe problem. This coating lasts 5X* longer than any other anti-scratch coating on the market.

Dura-streme[®] dual coating technology combines the benefits of the Uvex industry leading anti-fog and hard coats onto one lens. While the advanced anti-fog properties of Uvextreme help keep the interior of the lens clear from fogging, the rugged properties of Ultra-dura hard coat protect the exterior of the lens from scuffs and scratches, adding up to 3X* longer lens life.

*Comparative lens life test performed using a Bayer Abrasion Test method, and may vary between environment and application.

Spectrum Control Technology[®] (SCT)

All Uvex styles are available with an assortment of standard lens tints — both clear and sunglass shades — and many are offered with specialized lens tints designed for task-specific lighting situations. These Spectrum Control Technology (SCT) lens tints incorporate unique dyes in the polycarbonate lens material that absorb select wavelengths of light to enhance vision. The charts on pages 46 and 47 are designed to help you determine which lens tint best addresses the challenges in your workplace. All Uvex lenses offer 99.9% ultra-violet protection.

Certifications and Standards

Our commitment to rigorous testing and extensive research and development ensures that every product meets or exceeds industry safety standards and certifications.

ANSI Accreditation

The American National Standards Institute (ANSI) provides accreditation in accordance with ISO/IEC Guide 65 for product certification programs to ensure that the marketplace can gain confidence for their activities. All Uvex eyewear products comply with the ANSI standard.

CSA Certification

Many of our safety eyewear products are also certified to the requirements of the Canadian Standards Association (CSA). CSA certification is indicated in the description of each applicable product.

Ballistic Impact Protection

For even greater security and protection from the unexpected, the core line of Uvex safety eyewear has undergone and passed Military V₀ (V-sub zero) ballistic impact testing. This means each of these eyewear styles can withstand impact energies 7X greater than the impact tests required by ANSI and CSA. (Does not apply to specialty tints and welding shades.)

Uvex Lifetime Frame Guarantee

Uvex guarantees lifetime replacement for any qualifying eyewear model if something should happen to the frame during the course of normal use, regardless of age. Look for the Uvex Lifetime Frame Guarantee symbol to indicate qualifying eyewear.

Uvex® Lens Replacement System

Many of our eyewear products also come with an easy and economical lens replacement system, allowing wearers to reduce their annual safety eyewear expenditures while reaping the benefits of high quality eyewear. Replacement-lens compatible eyewear is identified with a Lens Replacement System symbol.

Prescription Compatible Frames

The Prescription Compatible Frames symbol indicates that the eyewear frame can be fitted with prescription lenses.

Made in USA

The Made in USA symbol indicates a product that has been manufactured in the United States.

Featured Products

Featured Products represent a collection of our top sellers and newest designs that combine function and style with unparalleled comfort and superior protection. We leverage extensive research and technological developments to continuously evolve our product line to consistently deliver high performance products with lasting value.

Genesis®

Engineered for comfort, protection and style, the Genesis is the number one selling premium eyewear in the world, delivering an incredible range of superior product benefits including MMT — Multi-Material Technology® and a high level of adjustability.

To view full product details see page 10.

Uvex AcoustiMaxx™

Uvex AcoustiMaxx stereo Bluetooth® eyewear delivers maximum eye protection with crystal clear, hands-free, acoustically-isolated in-ear voice communication to help keep workers safer and more productive on the job.

To view full product details see page 9.

Uvex Seismic[®]

The Uvex Seismic provides protection against impact, sun, wind, dust and debris coupled with durable performance and minimized fogging. Its design offers a range of comfort and adjustability features for all-day wear as well as popular black and metallic-blue colored frame options.

To view full product details see page 14.

Uvex Bayonet[™]

Combining proprietary Uvex[®] lens tints, coatings and impact protection with sport-inspired styling and enhanced comfort features, Uvex Bayonet eyewear strikes the perfect balance between high-performance protection, comfort and sleek styling that drives worker acceptance.

To view full product details see page 20.

Uvex Protégé[®]

Designed with our proprietary Floating Lens[™] technology, an expandable wraparound brow, soft temple tip pads and molded rubber nose pads, the Uvex Protégé combines sport styling with flexible design for a final product that weighs less than an ounce.

To view full product details see page 21.

Uvex AcoustiMaxx™

Uvex AcoustiMaxx stereo Bluetooth® eyewear delivers all-in-one eye protection and communication via Bluetooth wireless technology. Designed for use in industrial work environments, Uvex AcoustiMaxx delivers maximum impact protection along with crystal clear, acoustically-isolated in-ear voice communication through its dual microphone technology. High-performance balanced armature drivers deliver superior stereo sound. Perfect for work environments where communication is essential.

- Lenses feature Uvextreme® high-performance anti-fog coating for long-lasting wear
- Soft brow guard absorbs and diffuses impact energy while soft, flexible “fingers” on the nosepiece minimize slippage and offer a comfortable fit
- Comfortable, at only 52 grams in weight
- Comes with both Clear and Gray lens tints to meet a variety of work environments and applications
- Economical and easy lens replacement system
- Meets the ANSI Z87.1-2010 standard

Uvex® Lens Replacement System

Military V₀ Ballistic Impact Protection

Made in USA

Genesis® Family

The best-selling safety eyewear in the world is now part of a multi-solution family of products offering superior comfort, protection and style. From the classic look of the original Genesis to the aggressive sport styling of the Genesis X2, to the specialized Genesis Reading Magnifiers, there is never a need to compromise safety for style.

Genesis®

Built with Multi-Material Technology® (MMT) and a high level of adjustability, Genesis provides workers with extraordinary all-day comfort and raises the bar on compliance.

- Wraparound 9-base lens style, uncompromised peripheral vision, superior coverage and adjustable temple length and lens inclination
- Available with high-performance Uvextreme® anti-fog, Ultra-dura® anti-scratch and Dura-streme® dual anti-fog/anti-scratch coatings, as well as a wide range of lens tints
- Soft elastomer browguard diffuses and deflects impact
- Nosepiece with soft flexible “fingers” adjusts and conforms to almost any nasal profile to reduce slippage
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard
- Clear, Espresso, Amber, Gold Mirror, Dark Gray, 50% Gray and SCT-Reflect 50 tints meet Mil V₀ ballistic test for impact

Genesis® Reading Magnifiers

The Genesis Reading Magnifiers are an excellent choice for workers needing increased magnification for close-up inspection, fine detail work and reading small print.

- Available in Clear, Amber, Standard Gray and SCT-Reflect 50 lens tints with Ultra-dura® anti-scratch coating and five diopter strengths from +1.0 to +3.0 magnifications
- Same cushioned comfort and adjustability as Genesis
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Available Frame Colors

Black

Genesis® S (Slim)

The Genesis S offers a 6% smaller frame for workers with narrow facial profiles.

- Available with high-performance Uvextreme® anti-fog, Ultra-dura® anti-scratch and Dura-streme® dual anti-fog/anti-scratch coatings, as well as standard lens tints
- Frame and lens are 6% smaller than Genesis® to fit narrow facial profiles
- Soft browguard absorbs and diffuses impact, flexible “fingers” on nosepiece minimize slippage
- Padded temples and tips provide all-day comfort
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard
- All Genesis S tints meet Mil V₀ ballistic test for impact

Gloss Black & Gray

Uvex Bayonet™

Uvex Bayonet offers a winning combination of protection and worker acceptance that helps support a culture of safety in the workplace.

- Provides substantial coverage and unobstructed vision for excellent impact protection and performance
- Proprietary Floating Lens™ design offers increased flexibility to fit more wearers
- Flexible wrap-around brow expands and contracts to comfortably fit a wide variety of wearers
- Weighs less than one ounce for comfortable, all-day wear
- Soft inserts along the temple provide a comfortable, head-hugging fit while flexible “fingers” on the nosepiece reduce slippage and cushion the nose for greater comfort
- Features Supra-Dura® advanced anti-scratch coating for lenses that resist scratching 5x longer* than other coatings on the market. Also available with Uvex high-performance Uvextreme® anti-fog coating
- Offered in a wide range of lens tints to address the needs of almost any workplace environment
- Meets the ANSI-Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

**Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.*

Safety Eyewear - Metal Frames

Available Frame Colors

■ Gunmetal

Available Frame Colors

■ Brushed Silver Metal

Tomcat®

The Tomcat is powerfully stylish and offers a tight-wrap dual lens design.

- Sleek, wraparound full frame design
- Provides exceptional peripheral coverage and protection
- Nosepiece with adjustable saddle pads for fit and comfort
- Spring-hinge temples with soft temple tips for a comfortable fit
- Meets the ANSI Z87.1-2010 standard

Uvex® Polarized

Comfortable, attractive and effective at reducing glare, polarized lenses are perfect for applications where workers are outdoors near water for extended periods of time, such as fisheries, naval and ship building applications.

- High quality polarized lens allows the wearer to see fine detail and deep colors
- Helps eliminate eye strain, eye fatigue, discomfort and poor visual acuity
- Nosepiece with adjustable saddle pads improves comfort and fit
- Meets the ANSI Z87.1-2010 standard

Fury[®]

**Uvex
Climazone[™]**

**Uvex
Carbonvision[™]**

Uvex is catapulting safety goggles to a new level of style and performance. Wraparound designs offer superior peripheral protection and feature comfortable headbands, available in neoprene and fabric, all while meeting your needs of safety and compliance.

Safety Eyewear - Goggles

Available Body Colors

Uvex Stealth® Family

Never before have goggles offered such comfort and protection as well as sleek, futuristic styling. The Uvex Stealth goggle combines modern design, technology, materials and high-performance lens coatings to create the highest levels of worker comfort and acceptance. One of the most popular goggles on the market, the Uvex Stealth makes it easy — even fashionable — to wear goggles on the job.

Uvex Stealth®

The Uvex Stealth combines high end styling and comfort for unmatched protection from chemical splash and impact.

- Toric lens provides superior optics and peripheral vision
- Soft, elastomer body flexes and conforms to the face for a secure, comfortable, gap-free fit
- Pivoting, quick-adjust headband provides easy adjustment for a comfortable fit
- Indirect ventilation system and high-performance lens coatings minimize fogging
- Available in Clear, Amber and Gray lens tints for a variety of applications
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Uvex Stealth® Rx Lens Insert

Rx insert provides flexibility for workers who require vision correction

Uvex Stealth® Goggle Retainer

Ideal for use in industries such as oil and gas, chemical, manufacturing and construction where workers are required to wear hard hats and goggles.

- Simple design helps ensure a tight seal around the eyes
- Available in two models to fit standard, cap-style hard hats or full brim hard hats (not for use on hard hats with "rain gutters")

Uvex Stealth® OTG (Over-the-Glass)

Ideal for protection from impact, dust, airborne particles, chemical splash and optical radiation (UV and welding/heat radiation).

- Fits comfortably over most prescription eyewear
- Soft, elastomer body flexes and conforms to the face for a secure, comfortable, gap-free fit
- Pivoting, quick-adjust headband provides easy adjustment for a comfortable fit
- Available exclusively with high-performance Dura-streme® dual anti-fog/anti-scratch coating, as well as a wide range of lens tints
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Available Body Colors

Uvex Stealth® Reading Magnifiers

Ideal for workers who need the added protection of a goggle, and increased magnification for close-up inspection or fine detail work.

- Available in Clear with Uvextreme® anti-fog coating and five diopter strengths from +1.0 to +3.0 magnification
- Soft, elastomer body flexes and conforms to the face for a secure, comfortable, gap-free fit
- Pivoting, quick-adjust headband provides easy adjustment for a comfortable fit
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Flex Seal®

Lightweight, silicone body conforms to the face to assure the highest level of comfort and eye protection.

- Silicone body stays supple even in extreme temperatures and seals to almost any face shape while offering exceptional all-day comfort
- Fits comfortably over most prescription eyewear
- Indirect venting system along with high-performance Uvextreme® anti-fog coating minimizes fogging in extreme environments
- Headband available in fabric or neoprene for chemical applications
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Uvex Strategy®

The Uvex Strategy is the industry's only economical over-the-glass goggle that delivers both premium comfort and maximum protection.

- Headband available in fabric or neoprene for chemical splash applications
- Lightweight, TPE body provides exceptional comfort and fit for maximum protection
- Fits comfortably over most prescription eyewear
- Available in four models for a variety of applications: direct vent, closed vent, indirect vent and indirect vent with foam for fine particle protection.
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Uvex Futura™

The Uvex Futura wraparound design features excellent panoramic vision and fits over most prescription eyewear.

- Wraparound sport style with frosted browguard reduces overhead glare
- Offers protection against dust, mist, impact and chemical splash as well as welding infrared radiation
- Indirect venting system along with high-performance Uvextreme® anti-fog coating minimizes fogging in extreme environments
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Uvex Classic™

The Uvex Classic is available in four models for a variety of work applications including direct vent, closed vent, indirect vent and indirect vent with foam lining for fine particle protection.

- Fits over most prescription eyewear
- Frosted browguard reduces overhead glare
- Indirect venting system along with high-performance Uvextreme® anti-fog coating minimizes fogging in extreme environments
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Uvex® Lens Replacement System

Made in USA

Available Body Colors ■ Black

Fury®

The Fury integrates the fit of a goggle and the look of eyewear for extra style and protection.

- Sleek frameless design with wraparound 9-base uni-lens
- Soft, flame resistant replaceable face foam and headband
- Suggested for use in areas with fine particulates and dust
- Not for chemical splash
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Uvex Climazone™

The Uvex Climazone offers ski-inspired design for cold and extreme weather conditions.

- Replaceable dual pane lens: interior lens with anti-fog coating; exterior lens with Ultra-dura® anti-scratch coating
- Ventilation system along with anti-fog coating helps keep lenses clear
- Not for chemical splash
- Meets the ANSI Z87.1-2003 standard
- Certified to the requirements of the CSA Z94.3 standard (SKUs ending in "CSA")

Uvex Carbonvision™

Uvex Carbonvision boasts exceptional performance in a compact, lightweight, comfortable design that workers look for in a goggle.

- Flexible, soft components adapt to face shape and ensure a perfect fit and seal around the eyes
- Low profile, compact design is ideal for wearing with disposable respirators and protective caps
- Ideal for protection from impact, dust and chemical splash hazards
- Available exclusively with our high-performance Dura-streme® dual anti-fog/anti-scratch coating
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

Face Shields

Bionic

The Bionic Shield is designed for rugged jobs: it's tough where it has to be, yet extremely lightweight and balanced to provide you with all-day comfort.

Available Body Colors

■ Black

2,784 positions
15 design patents
1 revolutionary face shield

Its technologically-advanced design enables the Bionic Shield to easily stand up to airborne debris, splash and welding infrared radiation. Highly adjustable, with an easily replaceable visor, the Bionic Shield is the face shield workers want to wear.

Bionic® Shield

Full shield design provides built-in chin protection and extended top-of-head coverage for enhanced protection.*

- Perfect for workers exposed to falling or flying objects, impact, chemical splash and airborne debris
- Excellent optics provide increased visibility
- Lightweight, balanced, ergonomic design for extended use
- Dual position headgear provides a customizable fit
- Comfortable cell foam on back of headgear
- Breathable, removable, washable headband
- Easily replaceable visor—available in Clear, Shade 3.0 and Shade 5.0—allows for multiple tints and use in a variety of applications
- Comfortably worn with most goggles and respirators
- 100% dielectric - no metal parts
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard

**Face shield is secondary protection and must be worn with safety eyewear or goggles*

Accessories

Long-term safety eyewear requires long-lasting maintenance. Our line of accessories offers protection, storage and cleaning solutions, all designed specifically for your Uvex eyewear.

Uvex Clear® Lens Cleaning Products

Specifically formulated for anti-fog and scratch-resistant hard coats.

- Alcohol- and silicone-free solution is available in a 16 oz. refillable spray, 1 gallon refill or pre-moistened lens cleaning towelettes (100/box)
- Pre-moistened towelettes are pocket-sized and convenient for use anywhere on the go
- Non-abrasive dry tissues (S462) are designed for use with lens cleaning solution products. (500/box)

Uvex Clear® Permanent Lens Cleaning Station

Includes 1 — 16 oz. Uvex Clear cleaning solution, 4 boxes of 500 tissues and a 3.5" x 4.5" mirror.

- Screw mounts and adhesive foam for quick wall mounting
- Measures 22.5" x 12.5"

Uvex Clear® Portable Cleaning Station

Inspire safety everywhere, by bringing this portable cleaning station to any location.

- Portable and disposable station holds 16 oz. of Uvex Clear cleaning spray and 1500 tissues

Additional SKUs available – see full SKU listing at end of catalog.

Uvex® Fog Eliminator Cloths

Formulated to effectively protect lenses from all types of fogging caused by cold, humidity or sudden temperature changes.

- Safe for all surfaces, including polycarbonate and glass
- Each cloth provides multiple applications
- Streak- and film-free, alcohol- and silicone-free
- Non-flammable and non-toxic

Uvex® Eyewear Cases

Fit most Uvex eyewear to protect lenses from scratches and abrasion.

- Available in a nylon drawstring pouch, hard case* or economy case**

*not suitable for Uvex Astrospec 3000 Series

**not suitable for Uvex Astrospec OTG 3001

Reference - Lens coating description and chemical resistance

We have developed proprietary coatings to meet the demands of even the most challenging work environments. From Uvextreme® and Uvextreme® Plus anti-fog lens coatings to the anti-scratch coating technology of Ultra-dura® and Supra-Dura®, our lens coatings ensure longer lens life and enhanced durability*. In addition, Dura-streme® technology combines the benefits of these industry-leading anti-fog and hardcoats onto one lens.

The chemical resistance chart below will help to determine the preferred coating for environments where workers are subject to chemical exposure.

| Chemical | Ultra-dura® | Supra-Dura® | Uvextreme®/ Uvextreme Plus | Dura-streme® Dual Coating | |
|-------------------------|--------------------|--------------------|-------------------------------|----------------------------|---------------------------|
