

No-Barrier  
Extrication Glove

# MechFlex™

Superior protection and dexterity for extreme conditions including motor vehicle accident (MVA) and tactical rescues.

**Available  
in sizes:**  
XS to 2XL

#### Features & Benefits Include:

- Three-dimensional design for optimal dexterity and flexibility
- Tough, 100% nylon outer shell
- Spandex padding on back for abrasion, cut and tear resistance
- Padded knuckles with stretch for extra impact protection from jagged metal and broken glass (often associated with extrications)
- Heavy-duty, black synthetic leather palm and side-walls
- Armortex®/Kevlar®-reinforced palm and finger patches for outstanding dexterity and puncture resistance
- High-visibility lime green reflective material on back of glove for increased visibility in night time extrications
- Slip-on debris-control elastic cuff for easy donning easy and to keep gloves free of wreckage fragments and rubble
