

# Single Hose Reels

## SHR

The LUKAS Single Hose Reel allows for storage of a 66' (20 m) hose set on the rescue vehicle. In action the hose reel can remain on the vehicle - with only the hose unrolled - or can be taken to the rescue.

### Application

- Single hose reel in stand-by version

### Highlights

- Hose set can be unrolled – even under pressure
- Luminescent hoses

SHR 20 with 1,5 m Connection Hose Pair

### Technical Data

SHR 20 with 66 ft. / 1,5 m connection hoses

SHR 20	Hose length 66 ft. / 20 m, blue	Weight 16.8 kg
SHR 20	Hose length 66 ft. / 20 m, grey	Weight 16.8 kg
SHR 20	Hose length 66 ft. / 20 m, black	Weight 16.8 kg

The SHR 20 can be attached to a LUKAS Power Unit with R-frame (DIN-version) by means of a conversion set.

### All LUKAS Hydraulic hoses with safety ratio 4:1

Extension hose pair with STREAMLINE<sup>Technology</sup> couplings on both sides.

Extension hose pair blue/grey (luminescent), with blue, grey or black antikink protection available in 16 ft. / 5 m and 32.8 ft. / 10 m length

Extension hose pairs are also to be used, if motor pumps are equipped with STREAMLINE<sup>Technology</sup> couplings.

LUKAS Connection Hose Pairs for mounting to motor pumps (one end with STREAMLINE<sup>Technology</sup> coupling).

Connection hose pairs blue/grey (luminescent), with blue, grey or black antikink protection available in 16 ft. / 5 m, 32.8 ft. / 10 m, 49 ft. / 15 m, 66 ft. / 20 m and 98 ft. / 30 m length

Coupling (male) to convert connection hose pair to a extension hose pair
