

SPECIFICATION SHEET

291-110

NON-MARRING KNEE PADS

- Extended rubber-like TPR (thermoplastic rubber) cap won't mar, scratch or scuff surfaces
- Ergonomically designed to flex with knee movement
- Slip-resistant ridges prevent sliding on floors
- Adjustable hook & loop closure straps ensure a secure fit

APPLICATIONS

- Used to protect your knees against injuries sustained as a result of constant kneeling. Ideal for delicate surfaces.
