

# HC-2 Helmet-COM® helmet communication system – bone conductive microphone with dual speaker

The Savox HC-2 is a helmet communication system (helmet-com®) ideal for fire and rescue personnel working in high-noise areas. HC-2 mounts into full protection fire helmets and can be used in combination with a breathing mask.

## TECHNICAL DATA

|  |  |
|--|--|
| <b>WEIGHT</b>                            | 85g  |
| <b>SIZE</b>                              | 40 x 160mm   |
| <b>MICROPHONE</b>                        | Vibration-sensitive, impedance approx. 3500 Ohm @ 1 khz, |
| <b>SPEAKER IMPEDANCE</b>                 | 32 Ohm   |
| <b>CABLE, COILED (flame-retardant)</b>   | 4mm Dia/380mm;   |
| <b>CABLE, STRAIGHT (flashover-proof)</b> | 4mm Dia/750mm  |
| <b>CONNECTOR</b>                         | 4-pole quick-release connector                           |
| <b>OPERATING TEMPERATURE</b>             | -25 to +85°C (continuous)                                |
| <b>STORAGE TEMPERATURE</b>               | -25 to +63°C   |
| <b>HUMIDITY</b>                          | 95% RH, +63oC for 500 hours                              |

Designed for following uses and industries

## KEY BENEFITS

- Bone-conductive microphone
- Quick-release connector
- Especially suitable for fire and rescue tasks
- Unique fastening-strap system fits all helmets
- Mounts without any tools
- Light and compact
- Adapts to Savox C-C400/C-C500 Com-Control units
