

720EXP

The 720EXP is a Positive Pressure Ventilation (PPV) fan that features a 20" cast aluminum airfoil blade and a 1 horsepower hazardous location electric motor.

The 720EXP has solid cushion tires for easy transportation and a step brake that locks both wheels into position. The precision spun steel shroud is adjustable to four angle positions. A steel frame, full roll cage design and heavy gauge steel grill ensure safety and durability.

The EXP models feature a motor that is rated Class 1 Group D for hazardous locations and offers the highest protection in the industry. EXP models are perfect for the department that needs to use their electric PPV for all types of ventilation situations.

Specs

Motor.....	1 Hp
HxWxD.....	25.5"x25.5"x18.75"
Fan Diameter.....	20"
Weight.....	92 lbs
Start.....	4000 watts
Run.....	1500 watts
RPM.....	1750
Set Back.....	6 ft
Angle.....	18°
CFM.....	10,190
