

P244S

The P244S is the largest smoke ejector available. This 24" smoke ejector features a 1.5 Hp TEAO electric motor which produces 10,800 cubic feet per minute of airflow.

Durability and safety was in mind when this fan was designed. It features a steel frame, a cast aluminum blade, and a heavy gauge steel grill. A baked on powder coat paint job ensures a long lasting finish. P series fans are the perfect combination of a low noise, high output design.

The efficient design of these fans includes Super Vac's patented propeller which produces a much greater intake of air into the vacuum side, eliminates turbulence at the tips, and provides a high velocity screw action that sweeps air back over the motor.

Specs

Motor.....	1.5 Hp
HxWxD....	28.5"x24.75"x18.75"
Fan Diameter.....	24"
Weight.....	110 lbs
Start.....	6000 watts
Run.....	2100 watts
Shroud.....	8600 CFM
Venturi.....	10,800 CFM
