

**VIT BALL VALVE Series**

**VALVE INTEGRAL TIP W/GRIP  
7/8" DIA**

**HVITG11**

1.5" F INLET X 1.5" M OUTLET

**\$545.00 List Price**

**FEATURES**

Separate ball-type shutoff valve with built-in pistol grip mounted below valve body for use with tip only nozzles. Use the valve as a smooth bore at the selected outlet diameter. Six detent flow positions. Optional colored pistol grip and handle covers (NFPA 1901 A.16.9.1) available. 1.5" NH (38mm) rocker lug full-time swivel inlet coupling and 1.5" NH (38mm) male outlet standard. All lightweight materials are used.

**SPECIFICATIONS**

<b>Pistol Grip</b>	Yes
<b>Inlet Coupling Style</b>	Rocker
<b>Body Size</b>	1.5" (38 mm)
<b>Inlet Coupling Swivel</b>	Full Time Swivel
<b>Outlet Diameter</b>	7/8" (22mm)
<b>Remote Control</b>	No
<b>Weight</b>	3.9

**ABOUT THE VIT BALL VALVE SERIES**

TFT's VIT (Valve Integral Tip) Ball Valve series is designed to be the most rugged valve/smooth bore tip combination available while still maintaining a competitively low price. By using high strength materials, this unique TFT valve/tip combination provides the maximum amount of resistance to wear and corrosion while offering complete fire streams management flexibility. Designed to provide maximum flow, stream quality, and versatility when coupled with a high flowing combination nozzle, the VIT series can also be used as a smooth bore nozzle. Designed for 1.5", 1.75", 2", 2.5", and 3" (38mm, 52mm, 65mm, and 75mm) attack lines, the VIT series is engineered to meet your high flow needs.
